

Ninth COVID-19 Case Identified in Delta County; Two Previously Active Cases Now Listed as Recovered

For Immediate Release:

July 13, 2020, 2:00 PM, CST

The Delta County Office of Emergency Management and the Delta County Local Health Authority (LHA) were informed by the Texas Department of State Health Services (DSHS) that a resident of Delta County has tested positive for COVID-19. The DSHS and the LHA are taking all necessary actions in response to this matter and will be handling this case moving forward. The Office of Emergency Management and the LHA were also informed this morning that two previously active cases are now listed as recovered. As of today, Delta County has a total of nine positive COVID-19 cases, including this case, with three active cases, zero deaths, and six recoveries.

Please continue to adhere to the recommendations of the CDC, the Office of Governor Greg Abbott, and the Texas Department of State Health Services (DSHS).
